

Information For the User  
Atorvastatin (20 mg) + Aspirin (75 mg) Capsule

# Atorable ASP 20/75 Capsule

**Brand Name:** Atorable ASP 20/75 Capsule

**Dosage Form:** Capsules

**Composition:**

Each capsule contains:

- Atorvastatin Calcium IP equivalent to Atorvastatin 20 mg
- Aspirin IP 75 mg

**Description:**

Atorable ASP 20/75 Capsule is a fixed-dose combination indicated for the management of dyslipidemia and prevention of atherothrombotic cardiovascular events. It helps in lowering elevated cholesterol levels and inhibiting platelet aggregation, thereby reducing the risk of myocardial infarction, stroke, and other cardiovascular complications.

**Indications:**

Indicated for:

- Primary and secondary prevention of cardiovascular events in patients with atherosclerotic cardiovascular disease
- Hypercholesterolemia and mixed dyslipidemia
- Patients at high risk of thrombotic events

It helps in controlling lipid levels, reducing platelet aggregation, and supporting overall cardiovascular protection.

**Dosage & Administration:**

Dosage should be as prescribed by the physician.

Swallow the capsule whole with water.

Do not crush or chew.

**Pharmacological Action:**

Atorvastatin inhibits HMG-CoA reductase, reducing LDL cholesterol and triglycerides while modestly increasing HDL cholesterol. Aspirin irreversibly inhibits platelet cyclooxygenase, reducing thromboxane A<sub>2</sub> formation and platelet aggregation. The combination provides additive cardiovascular protective effects.

**Side Effects:**

Generally well tolerated.

Occasionally, gastrointestinal discomfort, headache, dizziness, or mild myalgia may occur.

Rarely, bleeding tendencies or liver enzyme elevations may be observed.

**Precautions & Warnings:**

- Use with caution in patients with hepatic impairment or history of gastrointestinal bleeding
- Monitor liver function tests and lipid profile periodically

- Use under medical supervision in patients receiving other antiplatelet or anticoagulant therapy
- Do not exceed the recommended dosage

**Drug Interactions:**

Concomitant use with other antiplatelet or anticoagulant agents, NSAIDs, or CYP3A4 inhibitors may increase the risk of adverse effects. Use under strict medical supervision.

**Storage:**

Store below 25°C in a cool, dry place.

Protect from light and moisture.

Keep out of reach of children.

Manufactured in India for:

**Cafoli Lifecare Pvt. Ltd.**
