

Information For the User
Dill Oil (0.005ml) + Fennel Oil (0.0007ml) + Simethicone (40mg) Drop

Coliziff Drop

Brand Name: Coliziff Drop

Dosage Form: Drop

Composition:

Each 1 ml contains:

- **Dill Oil IP 0.005 ml**
- **Fennel Oil IP 0.0007 ml**
- **Simethicone IP 40 mg**

Description:

Coliziff Drop is a pediatric formulation used to relieve flatulence, colic, and bloating in infants and children. Dill oil and Fennel oil act as carminatives, while Simethicone reduces surface tension of gas bubbles in the gastrointestinal tract, facilitating easier gas expulsion.

Indications:

Indicated for:

- Infantile colic and flatulence
- Abdominal bloating and discomfort

It helps in alleviating excessive gas, soothing abdominal discomfort, and improving feeding tolerance in children.

Dosage & Administration:

Dosage should be as directed by the physician.

Administer orally using a dropper.

Can be given before or after feeds.

Pharmacological Action:

- **Dill Oil:** Carminative, reduces intestinal spasms and aids digestion
- **Fennel Oil:** Relieves flatulence and improves gastrointestinal motility
- **Simethicone:** Antifoaming agent that reduces gas retention in the GI tract

Side Effects:

Generally well tolerated. Rare mild nausea or diarrhea may occur in some children.

Precautions & Warnings:

- Use with caution in infants with known hypersensitivity to any component
- Do not exceed recommended dose
- Discontinue and consult physician if symptoms persist

Drug Interactions:

No significant drug interactions reported.

Storage:

Store below 25°C in a cool, dry place.

Protect from light and moisture.
Keep out of reach of children.

Manufactured in India for:
