

Information For the User  
Cyproheptadine (1.5mg) + Tricholine Citrate (55mg) Drop

# Cyproslice T Drop

**Brand Name:** Cyproslice T Drop

**Dosage Form:** Drop

**Composition:**

Each 1 ml contains:

- **Cyproheptadine Hydrochloride IP 1.5 mg**
- **Tricholine Citrate IP 55 mg**

**Description:**

Cyproslice T Drop is an antihistaminic and hepatoprotective combination used in the management of appetite loss and related conditions. It helps in improving appetite, supporting liver function, and relieving mild allergic symptoms.

**Indications:**

Indicated for:

- Loss of appetite in children and adults
- Supportive therapy in mild liver dysfunction

It helps in enhancing nutritional intake and improving general well-being.

**Dosage & Administration:**

Dosage should be as directed by the physician.

Administer orally using a calibrated dropper.

Can be given before or after meals.

**Pharmacological Action:**

- **Cyproheptadine:** H1-receptor antagonist that increases appetite and reduces histamine-mediated allergic symptoms
- **Tricholine Citrate:** Supports liver function by promoting bile flow and acting as a hepatoprotective agent

**Side Effects:**

Mild drowsiness, gastrointestinal discomfort, or headache may occur in some patients.

**Precautions & Warnings:**

- Use with caution in patients with glaucoma or urinary retention
- Avoid concomitant use with CNS depressants
- Monitor for signs of hypersensitivity

**Drug Interactions:**

May interact with sedatives, alcohol, or other antihistamines; consult physician before co-administration.

**Storage:**

Store below 25°C in a cool, dry place.

Protect from light and moisture.

Keep out of reach of children.

Manufactured in India for:

**Cafoli Lifecare Pvt. Ltd.**

**(An ISO 9001: 2015 Certified Co.)**
