

Information For the User
Montelukast (4mg/5ml) + Fexofenadine (60mg/5ml) Syrup

Monplast FX Suspension

Brand Name: Monplast FX Suspension

Dosage Form: Suspension

Composition:

Each 5 ml contains:

- Montelukast Sodium IP equivalent to Montelukast 4 mg
- Fexofenadine Hydrochloride IP 60 mg

Description:

Monplast FX Suspension is a combination of a leukotriene receptor antagonist and a second-generation antihistamine indicated for the management of allergic disorders. It helps in reducing inflammatory mediators involved in allergy and providing effective relief from allergic symptoms without significant sedation.

Indications:

Indicated for the treatment of:

- Allergic rhinitis (seasonal and perennial)
- Allergic conditions associated with histamine and leukotriene release
- Upper respiratory allergic manifestations

It helps in relieving sneezing, rhinorrhea, nasal congestion, itching, watery eyes, and other allergic symptoms.

Dosage & Administration:

Dosage should be as directed by the physician.

Shake well before use.

Use a calibrated measuring cup or spoon for accurate dosing.

Pharmacological Action:

Montelukast selectively antagonizes cysteinyl leukotriene (CysLT₁) receptors, thereby reducing leukotriene-mediated inflammation, bronchoconstriction, and mucus secretion. Fexofenadine is a selective peripheral H₁-receptor antagonist that inhibits histamine-mediated allergic responses without significant central nervous system effects.

Side Effects:

Generally well tolerated.

Occasionally, headache, dizziness, or mild gastrointestinal disturbances may occur.

Precautions & Warnings:

- Use with caution in patients with hepatic impairment
- Avoid concomitant intake with fruit juices as they may reduce fexofenadine absorption
- Use under medical supervision in pediatric patients
- Do not exceed the recommended dosage

Drug Interactions:

Absorption of fexofenadine may be reduced when administered with antacids containing aluminum or magnesium; maintain an appropriate dosing interval.

Storage:

Store below 25°C in a cool, dry place.

Protect from light and moisture.

Keep out of reach of children.

Manufactured in India for:

Cafoli Lifecare Pvt. Ltd.
