

Zoomgermina Suspension

Brand Name: Zoomgermina Suspension

Dosage Form: Syrup

Composition:

Each 5 ml contains:

- *Bacillus clausii* spores 2 Billion

Description:

Zoomgermina Suspension contains *Bacillus clausii*, a probiotic spore-forming bacterium indicated for the restoration and maintenance of normal intestinal microflora. It helps in managing gastrointestinal disturbances, particularly those associated with antibiotic therapy and infections.

Indications:

Indicated for the treatment and prevention of:

- Acute and chronic diarrhea
- Antibiotic-associated diarrhea
- Gastrointestinal infections
- Dysbiosis of intestinal flora

It helps in restoring healthy gut flora, improving digestion, and supporting gastrointestinal health.

Dosage & Administration:

Dosage should be as directed by the physician.

Shake well before use.

Use a calibrated measuring cup or spoon for accurate dosing.

Pharmacological Action:

Bacillus clausii is a spore-forming probiotic that survives gastric acidity and colonizes the intestine, where it inhibits the growth of pathogenic microorganisms and helps restore microbial balance in the gut.

Side Effects:

Generally well tolerated.

Rarely, mild gastrointestinal discomfort may occur.

Precautions & Warnings:

- Use with caution in immunocompromised patients
- Do not exceed the recommended dosage
- Use under medical supervision in pediatric patients

Drug Interactions:

No clinically significant drug interactions have been reported when used as directed.

Storage:

Store below 25°C in a cool, dry place.

Protect from light and moisture.

Keep out of reach of children.
