

Information For the User

Biotin (10mg) + Acetylcysteine (50mg) + Calcium Pantothenate (100mg) + Selenium (65mcg) +
Copper (3mg) + Zinc Oxide (22.5mg) Tablet

Biotinal A Tablet

Brand Name: Biotinal A Tablet

Dosage Form: Tablet

Composition:

Each film-coated tablet contains:

- Biotin I.P. 10 mg
- Acetylcysteine I.P. 50 mg
- Calcium Pantothenate I.P. 100 mg
- Selenium 65 mcg
- Copper 3 mg
- Zinc Oxide I.P. 22.5 mg

Therapeutic Segment:

Nutraceutical / Hair, Skin & Nail Health Segment

Therapeutic Indication:

Indicated for:

- Promoting **healthy hair growth**, preventing hair loss, and strengthening nails.
- Supporting **skin rejuvenation** and collagen synthesis.
- Acting as an **antioxidant** to protect cells from oxidative stress.
- Providing essential micronutrients for improved scalp, skin, and hair health.

It helps in **restoring nutritional balance**, enhancing keratin production, and maintaining overall dermal vitality.

Mechanism of Action:

- **Biotin** supports keratin synthesis essential for hair and nail strength.
- **Acetylcysteine** acts as an antioxidant, protecting hair follicles from damage and improving skin texture.
- **Calcium Pantothenate** promotes energy metabolism and healthy skin.
- **Selenium, Copper, and Zinc** play vital roles in maintaining scalp health, collagen formation, and reducing oxidative damage.

Dosage & Administration:

- One tablet daily after meals or as directed by the physician.
- Swallow the tablet whole with water; do not chew or crush.

Contraindications:

- Hypersensitivity to any of the ingredients.

Warnings & Precautions:

- Use with caution in patients with hepatic or renal impairment.
- Not a substitute for a balanced diet.
- Consult a physician before use during pregnancy or lactation.

Side Effects:

- Generally well tolerated.
- Mild gastrointestinal discomfort, nausea, or allergic rash may occur rarely.

Storage:

Store below 25°C in a cool, dry place.

Protect from light and moisture.

Keep out of reach of children.
