

Buditerm F 400 Capsule

Formoterol 6 mcg + Budesonide 400 mcg

Life Cap FlipCaps

A Powerful Combination for Better Breathing

Formoterol 6 mcg + Budesonide 400 mcg Life Cap FlipCaps provide an effective dual-action therapy for the treatment and management of **asthma** and **Chronic Obstructive Pulmonary Disease (COPD)**. This combination therapy delivers both **immediate relief** and **long-term control** of respiratory symptoms.

Key Ingredients

- **Formoterol Fumarate (6 mcg)**
A long-acting bronchodilator.
 - Relaxes airway muscles.
 - Improves airflow and eases breathing.
 - Provides relief for up to 12 hours.
- **Budesonide (400 mcg)**
A corticosteroid anti-inflammatory agent.
 - Reduces swelling and inflammation in the airways.
 - Helps prevent asthma attacks and COPD flare-ups.
 - Improves long-term respiratory function.

Benefits

- **Dual Mechanism:** Combines a bronchodilator and an anti-inflammatory agent for comprehensive therapy.
- **Quick Action:** Provides immediate symptom relief.

- **Long-Lasting Control:** Reduces inflammation and maintains open airways for 12 to 24 hours.
- **Convenient Dosing:** Easy-to-use capsules for inhalation.
- **Prevents Flare-Ups:** Reduces the frequency and severity of asthma and COPD exacerbations.

Dosage & Administration

- **Use as Prescribed:** Follow your doctor's instructions for dosing.
- **Administration:**
 1. Insert the capsule into the dry powder inhaler (DPI).
 2. Pierce the capsule.
 3. Inhale deeply and hold your breath for a few seconds.
 4. Rinse your mouth after use to prevent oral infections.

Precautions

- **Not for Acute Attacks:** Always keep a rescue inhaler for sudden breathing difficulties.
- **Medical Supervision:** Consult your doctor before use if you are pregnant, breastfeeding, or have other medical conditions.
- **Storage:** Keep in a cool, dry place, away from moisture and heat.

Side Effects

- **Common:** Headache, throat irritation, dry mouth, and cough.
- **Rare:** Palpitations, muscle cramps, or oral thrush.

If side effects persist, consult your healthcare professional.

Breathe Better. Live Better.
