

Information For the User
Dextromethorphan Hydrobromide I.P. 5mg + Chlorpheniramine Maleate I.P. 2.5mg +
Guaiphenesin I.P. 50mg + Ammonium Chloride I.P. 60mg Syrup

Cufsniff G Syrup

Brand Name: Cufsniff G Syrup

Dosage Form: Syrup

Composition (Each 5 ml contains):

Dextromethorphan Hydrobromide I.P. 5 mg

Chlorpheniramine Maleate I.P. 2.5 mg

Guaiphenesin I.P. 50 mg

Ammonium Chloride I.P. 60 mg

Therapeutic Segment:

Respiratory Care / Cough & Cold Segment

Therapeutic Indication:

Indicated for the relief of dry and productive cough associated with common cold, bronchitis, allergic cough, and upper respiratory tract infections.

It helps in reducing throat irritation, suppressing cough reflex, and loosening mucus for easier expectoration.

Mechanism of Action:

- **Dextromethorphan Hydrobromide** acts centrally on the cough center in the medulla to suppress non-productive cough.
- **Chlorpheniramine Maleate** is an antihistamine that relieves sneezing, runny nose, and throat irritation caused by allergies.
- **Guaiphenesin** works as an expectorant that thins and loosens mucus, making it easier to cough out.
- **Ammonium Chloride** acts as a mild expectorant by increasing respiratory tract secretions.

Dosage & Administration:

- **Adults:** 5–10 ml two to three times daily or as directed by the physician.
- **Children (6–12 years):** 2.5–5 ml two to three times daily or as advised by the physician.
- To be taken orally with or without water. Shake well before use.

Contraindications:

- Hypersensitivity to any of the ingredients.
- Severe hepatic impairment or persistent chronic cough (e.g., due to asthma, smoking, or emphysema).

Warnings & Precautions:

- May cause drowsiness; avoid driving or operating heavy machinery.
- Avoid alcohol during treatment.
- Use with caution in patients with hypertension, diabetes, or thyroid disorders.

Side Effects:

- Common: Drowsiness, dizziness, dry mouth, mild nausea.
- Rare: Allergic rash or gastrointestinal upset.

Storage:

Store below 30°C in a cool, dry place.

Protect from light and moisture. Keep tightly closed.

Packaging:

Cufsniff G Syrup is available in bottles of 100 ml and 150 ml.

Schedule:

Schedule H Drug – To be sold by retail on the prescription of a Registered Medical Practitioner only.
