

Information For the User  
Phenylephrine (5mg) + Chlorpheniramine Maleate (2mg) + Dextromethorphan Hydrobromide  
(10mg) Syrup

# Cufsniff DX Syrup

Cufsniff DX Syrup

**Dosage Form:** Syrup

**Composition:**

Each 5 ml contains:

Phenylephrine Hydrochloride I.P. 5 mg

Chlorpheniramine Maleate I.P. 2 mg

Dextromethorphan Hydrobromide I.P. 10 mg

**Description:**

Cufsniff DX Syrup is a combination formulation containing Phenylephrine, Chlorpheniramine Maleate, and Dextromethorphan Hydrobromide. It is used for the symptomatic relief of cough, cold, and allergic respiratory conditions. The combination helps relieve nasal congestion, suppress dry cough, and reduce allergy-related symptoms such as sneezing and runny nose, thereby improving respiratory comfort.

**Indications:**

Dry cough associated with cold and flu

Allergic cough

Nasal congestion

Sneezing and runny nose due to respiratory allergies

**Dosage & Administration:**

Dosage should be taken as directed by the physician.

The syrup should be measured with a proper measuring device and taken as prescribed.

Shake well before use.

**Pharmacological Action:**

Phenylephrine acts as a nasal decongestant by constricting blood vessels in the nasal passages, reducing swelling and congestion.

Chlorpheniramine Maleate is an antihistamine that helps relieve allergic symptoms such as sneezing and runny nose.

Dextromethorphan Hydrobromide acts on the cough center in the brain to suppress dry and irritating cough.

**Side Effects:**

Drowsiness

Dizziness

Dry mouth

Nausea

Rare allergic reactions

**Precautions & Warnings:**

Use under medical supervision only.

May cause drowsiness; avoid driving or operating machinery if affected.

Use cautiously in patients with hypertension, glaucoma, or thyroid disorders.

**Drug Interactions:**

May interact with monoamine oxidase inhibitors (MAOIs), sedatives, and other antihistamines.

Consult physician before using with other medications.

**Storage:**

Store below 25°C in a dry place.

Protect from light.

Keep out of reach of children.
