

Information For the User  
Domperidone (10mg) + Paracetamol (325mg) Tablet

# Domedrag P Tablet

**Brand Name:** Domedrag P Tablet

**Dosage Form:** Tablet

**Composition:**

Each tablet contains:

- **Domperidone IP 10 mg**
- **Paracetamol IP 325 mg**

**Description:**

Domedrag P Tablet is a combination of an antiemetic and an analgesic–antipyretic agent. Domperidone helps in relieving nausea and vomiting by enhancing gastrointestinal motility, while Paracetamol provides relief from pain and fever. The combination is commonly used in conditions associated with headache, migraine, and gastric discomfort.

**Indications:**

Indicated for:

- Nausea and vomiting associated with headache or migraine
- Pain with gastric discomfort
- Fever associated with gastrointestinal upset

It helps in relieving pain and fever while controlling nausea and improving gastric emptying.

**Dosage & Administration:**

Dosage should be taken as directed by the physician.

Administer orally with water, preferably after meals unless otherwise advised.

**Pharmacological Action:**

- **Domperidone:** A dopamine (D<sub>2</sub>) receptor antagonist that enhances gastric motility and prevents nausea and vomiting.
- **Paracetamol:** Inhibits prostaglandin synthesis in the central nervous system, producing analgesic and antipyretic effects.

**Side Effects:**

Generally well tolerated. Mild dryness of mouth, abdominal discomfort, or dizziness may occur in some patients.

**Precautions & Warnings:**

- Use with caution in patients with hepatic impairment.
- Do not exceed the recommended dose to avoid liver toxicity.
- Prolonged use should be under medical supervision.

**Drug Interactions:**

May interact with other dopamine antagonists, enzyme-inducing drugs, or hepatotoxic medications.

**Storage:**

Store below **25°C** in a cool, dry place.

Protect from light and moisture.

Keep out of reach of children.

Manufactured in India for:

**Cafoli Lifecare Pvt. Ltd.**

**(An ISO 9001: 2015 Certified Co.)**
