

Information For the User  
Energy Drink Orange Flavour

# Electroslice Energy Drink Liquid

## Electroslice Energy Drink Liquid – Orange Flavour

### Composition:

Each serving contains:

- **Glucose** – Provides instant energy
- **Electrolytes (Sodium, Potassium, Magnesium)** – Restores hydration and prevents muscle cramps
- **Vitamin C** – Supports immunity and reduces fatigue
- **Natural Orange Flavour** – Refreshing taste

### Description:

**Electroslice Energy Drink Liquid** is a **fast-acting rehydration solution** designed to restore electrolyte balance, replenish lost fluids, and provide an **instant energy boost**. It is suitable for **athletes, fitness enthusiasts, and individuals experiencing dehydration due to heat, illness, or exertion**.

### Pharmacological Action:

- **Rapid Rehydration:** Electrolytes maintain **optimal fluid balance**, preventing dehydration and fatigue.
- **Energy Boost:** Glucose ensures **immediate energy release**, improving endurance.
- **Muscle & Nerve Function:** Essential minerals prevent **muscle cramps** and support nerve signaling.
- **Immunity Support:** Vitamin C helps combat oxidative stress and **enhances recovery**.

### Indications:

Recommended for:

- **Sports & fitness enthusiasts** for quick energy replenishment
- **Dehydration relief** due to sweating, fever, or diarrhea
- **Electrolyte balance** maintenance in hot climates
- **General well-being** for active individuals

### Dosage & Administration:

- Mix **one serving** in **250ml of water** and drink as needed.
- For **intense workouts**, sip **before, during, or after** exercise.
- In cases of **dehydration**, follow physician's advice for intake.

### Contraindications:

- Not recommended for individuals with **kidney disorders** or **restricted sodium intake**.
- Diabetics should consult a physician due to glucose content.

### Warnings & Precautions:

- Keep out of reach of children.
- Store in a **cool, dry place** away from direct sunlight.
- Do not exceed the recommended daily dosage.

### Adverse Effects:

- **Rare:** Mild nausea or bloating.
- Excessive intake may lead to **electrolyte imbalance**.

### Storage Conditions:

- Store below **30°C**.
- Seal the container properly after each use.

### Conclusion:

**Electroslice Energy Drink Liquid – Orange Flavour** is a **refreshing and effective hydration solution**, perfect for **boosting energy, maintaining electrolyte balance, and enhancing endurance**.
