

Dextrose 34gm + Zinc 12mg + Magnesium 10mg + Manganese 100mcg + Calcium 85mg + Phosphorus 50mg + Vitamin C 40mg + Vitamin D3 300 IU+ Citric Acid 525mg

Electrosllice Energy Drink

Dextrose 34gm + Zinc 12mg + Magnesium 10mg + Manganese 100mcg + Calcium 85mg + Phosphorus 50mg + Vitamin C 40mg + Vitamin D3 300 IU + Citric Acid 525mg Energy Drink

This specially formulated energy drink combines essential nutrients to support hydration, boost energy, and promote overall health and well-being. With Dextrose, Zinc, Magnesium, Manganese, Calcium, Phosphorus, Vitamin C, Vitamin D3, and Citric Acid, this drink is designed to quickly replenish energy levels, enhance mineral balance, and support immune function.

- **Dextrose (34g):** A fast-acting simple carbohydrate that provides quick energy, helping to restore glycogen levels in the body and enhance performance during physical activity or recovery.
- **Zinc (12mg):** An essential mineral known for its role in immune function, wound healing, and protein synthesis. Zinc also supports cognitive function and helps maintain healthy skin and eyes.
- **Magnesium (10mg):** Important for muscle function, nerve transmission, and maintaining a healthy cardiovascular system. Magnesium also supports energy production and aids in the relaxation of muscles after exercise.
- **Manganese (100mcg):** A trace mineral involved in bone formation, metabolism, and the formation of connective tissue. Manganese also acts as an antioxidant, helping to protect cells from oxidative stress.
- **Calcium (85mg):** Essential for bone health, calcium helps maintain strong bones and teeth. It also supports nerve function, muscle contraction, and healthy cardiovascular function.
- **Phosphorus (50mg):** Works in tandem with calcium to support bone health and is also crucial for energy production, cell repair, and maintaining a healthy metabolism.
- **Vitamin C (40mg):** A potent antioxidant that supports the immune system, promotes skin health, and helps in the absorption of iron. Vitamin C also plays a key role in collagen production and tissue repair.

- **Vitamin D3 (300 IU):** Supports bone health by aiding calcium absorption. It also plays a critical role in immune function, mood regulation, and overall health.
- **Citric Acid (525mg):** Known for its refreshing taste, citric acid also supports the body's ability to absorb minerals and helps with the body's natural energy production processes.

This energy drink is perfect for active individuals looking to rehydrate and restore essential nutrients after exercise, or for those who need a quick energy boost during periods of fatigue or physical exertion.

Key Features:

- **Instant Energy Boost:** Provides a rapid energy supply with dextrose, replenishing glycogen stores quickly.
- **Essential Nutrients:** Combines vital minerals and vitamins that support bone health, immune function, energy production, and overall well-being.
- **Supports Recovery:** Magnesium, calcium, and phosphorus work together to aid muscle function and recovery after physical exertion.
- **Hydration and Health:** Helps keep you hydrated while providing key nutrients that support your body's performance and recovery.

Benefits:

- Provides quick energy for active individuals
- Enhances immune function and promotes healthy bones and muscles
- Supports hydration and recovery after exercise
- Combines essential minerals and vitamins for overall well-being
- A refreshing and convenient way to supplement your daily nutrition

How to Use: Mix one sachet of the energy drink with the recommended amount of water (usually 250-300ml), stir well, and consume immediately for a quick energy boost or hydration.

Important Information:

- **Consult with your healthcare provider before use, especially if you are pregnant, breastfeeding, or have underlying health conditions.**
 - **Do not exceed the recommended daily dose unless advised by a healthcare professional.**
 - **Store in a cool, dry place and keep out of reach of children.**
-
