

Esoable IT Capsule

Esoable IT Capsule

Composition:

Each capsule contains:

- **Esomeprazole** – 40 mg
- **Itopride** – 150 mg

Description:

Esoable IT Capsule is a combination of **Esomeprazole**, a **proton pump inhibitor (PPI)**, and **Itopride**, a **prokinetic agent**. It helps in **reducing stomach acid** and improving **gut motility**, making it effective for conditions like **acid reflux, GERD, and functional dyspepsia**.

Indications:

- **Gastroesophageal reflux disease (GERD)**
- **Acid reflux & heartburn**
- **Functional dyspepsia**
- **Gastric & duodenal ulcers**
- **Delayed gastric emptying**

Dosage & Administration:

- **Recommended dose:** One capsule daily **before meals** or as directed by the physician.
- **Swallow whole;** do not chew or crush.

Contraindications & Warnings:

- Not recommended for **patients with severe liver or kidney disease**.
- Use with caution in **pregnant and lactating women**.
- **Avoid alcohol and smoking**, as they can worsen acid reflux.
- May cause **headache, nausea, dizziness, or diarrhea**.
- Long-term use should be under **medical supervision** due to potential **vitamin B12 deficiency risk**.

Storage:

- Store in a **cool, dry place** below **25°C**.
- Protect from **moisture and direct sunlight**.
- Keep out of reach of **children**.
