

Information For the User

Ferrous Bisglycinate 100 mg + Folic Acid 200 mcg (RDA 20%) + Vitamin B12 (Cyanocobalamin) 1 mcg (RDA 100%) + Zinc Sulphate 22.5 mg (RDA 68%) + Sorbitol base Syrup

Feryskol XT Pro Syrup

Feryskol XT Pro Syrup

Dosage Form: Syrup

Composition:

Each 5 ml contains:

Ferrous Bisglycinate IP 100 mg

Folic Acid IP 200 mcg (RDA 20%)

Vitamin B12 (Cyanocobalamin) IP 1 mcg (RDA 100%)

Zinc Sulphate IP 22.5 mg (RDA 68%)

Sorbitol base q.s.

Description:

Feryskol XT Pro Syrup is a multi-nutrient formulation containing Ferrous Bisglycinate, Folic Acid, Vitamin B12 (Cyanocobalamin), and Zinc Sulphate in a palatable syrup base. It is indicated for the prevention and management of iron, folate, vitamin B12, and zinc deficiencies. The combination supports hemoglobin synthesis, red blood cell formation, and overall nutritional health.

Indications:

Iron, folate, vitamin B12, or zinc deficiency

Nutritional supplementation during growth, pregnancy, or lactation

Prevention of anemia associated with nutritional deficiency

Dosage & Administration:

Dosage should be as directed by the physician.

Use a calibrated measuring cup or spoon for accurate dosing.

Shake well before use.

Pharmacological Action:

Ferrous Bisglycinate is a chelated form of iron with high bioavailability, supporting hemoglobin production and erythropoiesis.

Folic Acid is essential for DNA synthesis and red blood cell formation.

Vitamin B12 (Cyanocobalamin) is required for normal neurological function and erythropoiesis.

Zinc Sulphate supports enzymatic function, immune response, and cellular growth.

Side Effects:

Mild gastrointestinal discomfort, nausea, or constipation may occur.

Rarely, allergic reactions may occur.

Precautions & Warnings:

Use under medical supervision in patients with hemochromatosis or other iron overload conditions.

Keep out of reach of children.
Avoid excessive dosage.

Drug Interactions:

May interact with antacids, tetracyclines, or other mineral supplements affecting absorption.
Separate dosing as recommended by a physician.

Storage:

Store below 25°C in a cool, dry place.
Protect from light and moisture.
Keep out of reach of children.
