

Information For the User
Flunarizine (10mg) + Propranolol (40mg) Tablet

Flunafeb Plus Tablet

Flunafeb Plus Tablet

Dosage Form: Tablet

Composition:

Each film coated tablet contains:

Flunarizine Dihydrochloride I.P. equivalent to Flunarizine 10 mg

Propranolol Hydrochloride I.P. equivalent to Propranolol 40 mg

Description:

Flunafeb Plus Tablet is a combination formulation containing Flunarizine and Propranolol used in the prophylactic management of migraine and certain vestibular disorders. The combination works by improving cerebral blood flow, stabilizing vascular tone, and reducing neuronal excitability associated with migraine attacks. It helps reduce the frequency, severity, and duration of migraine episodes and improves overall patient comfort.

Indications:

Prophylaxis of migraine

Recurrent migraine headaches

Vestibular migraine

Management of vertigo associated with migraine

Dosage & Administration:

Dosage should be taken as directed by the physician.

Tablet should be swallowed whole with water, preferably after meals.

Do not crush or chew the tablet.

Pharmacological Action:

Flunarizine is a selective calcium channel blocker that reduces calcium overload in neurons and improves cerebral circulation, helping prevent migraine attacks.

Propranolol is a non-selective beta-adrenergic blocker that stabilizes vascular tone, reduces sympathetic activity, and helps prevent migraine by modulating cerebral vascular responses.

Side Effects:

Drowsiness

Fatigue

Dizziness

Weight gain

Bradycardia

Precautions & Warnings:

Use under medical supervision only.

Use cautiously in patients with asthma, bradycardia, or cardiac conduction disorders.

May cause drowsiness; avoid driving or operating machinery if affected.

Not recommended during pregnancy and lactation unless prescribed by a physician.

Drug Interactions:

May interact with other beta blockers, calcium channel blockers, antihypertensive drugs, and CNS depressants.

Consult physician before using with other medications.

Storage:

Store below 25°C in a dry place.

Protect from light and moisture.

Keep out of reach of children.
