

Information For the User  
Gabapentin (300mg) + Amitriptyline (10mg) Tablet

# Gabaxuro AT Tablet

Gabaxuro AT Tablet

**Dosage Form:** Tablet

**Composition:**

Each film coated tablet contains:

Gabapentin I.P. 300 mg

Amitriptyline Hydrochloride I.P. 10 mg

**Description:**

Gabaxuro AT Tablet is a combination formulation containing Gabapentin and Amitriptyline, commonly prescribed for the management of neuropathic pain and nerve-related disorders. This combination helps in reducing abnormal nerve excitability and improving pain perception by acting on both peripheral nerves and central neurotransmitter pathways. It effectively relieves burning sensation, tingling, shooting pain, and discomfort associated with chronic nerve damage while also supporting better sleep quality.

**Indications:**

Neuropathic pain management

Diabetic neuropathy

Post-herpetic neuralgia

Sciatica and nerve compression pain

Chronic peripheral nerve pain conditions

**Dosage & Administration:**

Dosage should be taken as directed by the physician.

Tablet should be swallowed whole with water, preferably after meals or at bedtime.

**Pharmacological Action:**

Gabapentin reduces nerve pain by modulating calcium channel activity and decreasing abnormal electrical impulses in damaged nerves.

Amitriptyline, a tricyclic antidepressant, enhances serotonin and norepinephrine levels in the brain, helping in pain modulation, mood stabilization, and improvement of sleep disturbances associated with chronic pain.

**Side Effects:**

Drowsiness

Dizziness

Dry mouth

Constipation

Blurred vision

**Precautions & Warnings:**

Use under medical supervision only.

May cause sedation; avoid driving or operating machinery after administration.  
Use cautiously in elderly patients and individuals with cardiac or renal disorders.  
Sudden discontinuation should be avoided unless advised by physician.

**Drug Interactions:**

May interact with antidepressants, sedatives, alcohol, and CNS depressants.  
Concurrent use with other psychotropic medicines should be monitored by a physician.

**Storage:**

Store below 25°C in a dry place.  
Protect from light and moisture.  
Keep out of reach of children.

Manufactured in India for:
