

Information For the User
Tranexamic Acid (250mg) + L Glutathione Reduced (250mg) + L Ascorbic acid (500mg) Tablet

Gluthasil Tx Gold Tablet

Gluthasil Tx Gold Tablet

Dosage Form: Tablet

Composition:

Each film coated tablet contains:

Tranexamic Acid I.P. 250 mg

L-Glutathione Reduced 250 mg

Ascorbic Acid I.P. (Vitamin C) 500 mg

Description:

Gluthasil Tx Gold Tablet is a combination formulation containing Tranexamic Acid, Reduced L-Glutathione, and Ascorbic Acid. It is commonly used in the management of hyperpigmentation disorders and for improvement of skin tone and antioxidant support. The combination works by reducing melanin synthesis, protecting cells from oxidative damage, and promoting skin brightening.

Indications:

Management of melasma and hyperpigmentation

Reduction of dark spots and uneven skin tone

Skin brightening therapy

Antioxidant supplementation

Dosage & Administration:

Dosage should be taken as directed by the physician.

Tablet should be swallowed whole with water after meals.

Pharmacological Action:

Tranexamic Acid inhibits plasmin activity, thereby reducing melanocyte stimulation and melanin production.

L-Glutathione acts as a potent antioxidant and helps shift melanin production toward lighter pigmentation.

Ascorbic Acid provides antioxidant protection and inhibits tyrosinase activity, supporting skin lightening and collagen synthesis.

Side Effects:

Nausea

Gastric discomfort

Headache

Rarely hypersensitivity reactions

Precautions & Warnings:

Use under medical supervision only.

Not recommended in patients with history of thromboembolic disorders unless advised by

physician.

Use cautiously in patients with renal impairment.

Not recommended during pregnancy and lactation unless prescribed.

Drug Interactions:

May interact with hormonal contraceptives and anticoagulant therapy.

Consult physician before concomitant use with other medications.

Storage:

Store below 25°C in a dry place.

Protect from light and moisture.

Keep out of reach of children.
