Hepalogy B Syrup

Hepalogy B Syrup

Composition:

- **Silymarin**
- **L-Ornithine L-Aspartate**
- **Tricholine Citrate**
- **Vitamin B Complex**

Introduction

Hepalogy B Syrup is a **comprehensive liver tonic** formulated to support **liver detoxification, regeneration, and overall hepatic health**. This combination of hepatoprotective ingredients helps in managing **liver disorders, improving metabolism, and enhancing liver enzyme function**. It is ideal for patients suffering from **fatty liver, hepatitis, and liver toxicity**.

Key Benefits

- **Supports Liver Detoxification** – Silymarin acts as a powerful antioxidant, protecting liver cells from damage.
- **Aids in Liver Regeneration** – L-Ornithine L-Aspartate promotes ammonia detoxification and supports hepatic function.
- **Improves Fat Metabolism** – Tricholine Citrate helps in reducing fatty liver by breaking down excess lipids.
- **Boosts Energy & Immunity** – Vitamin B Complex plays a crucial role in metabolic activities and overall well-being.

Indications & Uses

- **Fatty Liver Disease & Liver Detoxification**
- **Hepatitis & Liver Inflammation**
- **Alcoholic & Non-Alcoholic Liver Disorders**
- **Indigestion & Poor Metabolism Due to Liver Dysfunction**

Dosage & Administration

- **Adults:** 10ml **twice daily** after meals or as prescribed by a physician.
- **Children:** As directed by a healthcare professional.
- Shake well before use.

Precautions & Storage

- Avoid in patients with **severe hepatic impairment without medical advice**.
- Store in a **cool, dry place**, away from direct sunlight.

- Keep out of reach of children.

Conclusion

Hepalogy B Syrup is a **scientifically formulated liver care supplement** designed to **enhance liver function, promote detoxification, and support overall digestive health**, making it an ideal choice for **comprehensive liver protection**.
