

Information For the User  
S-adenosyl-L Methionine (200 mg) Tablet

# Hepalogy 200 Tablet

Hepalogy 200 Tablet

**Dosage Form:** Tablet

**Composition:**

Each film coated tablet contains:  
S-Adenosyl-L-Methionine (SAME) I.P. 200 mg

**Description:**

Hepalogy 200 Tablet contains S-Adenosyl-L-Methionine (SAME), a naturally occurring compound that supports liver function and detoxification processes. It aids in the synthesis of glutathione, improves hepatocellular health, and helps maintain normal liver enzyme activity. The formulation is commonly used as a supportive therapy in liver disorders and for overall hepatic wellness.

**Indications:**

Supportive therapy in liver disorders  
Chronic liver disease  
Hepatic insufficiency  
Detoxification support  
Adjunct therapy for maintaining liver health

**Dosage & Administration:**

Dosage should be taken as directed by the physician.  
Tablet should be swallowed whole with water, preferably on an empty stomach or as advised.

**Pharmacological Action:**

SAME serves as a methyl group donor in multiple biochemical reactions, aiding in the synthesis of vital molecules like glutathione and phosphatidylcholine. This promotes hepatocyte regeneration, reduces oxidative stress, and improves liver function and detoxification capacity.

**Side Effects:**

Nausea  
Gastrointestinal discomfort  
Diarrhea  
Headache  
Mild insomnia

**Precautions & Warnings:**

Use under medical supervision only.  
Caution in patients with bipolar disorder or psychiatric conditions.  
Not recommended during pregnancy and lactation unless prescribed.

**Drug Interactions:**

May interact with antidepressants, levodopa, and other hepatoprotective agents.  
Consult physician before using concomitantly with other medications.

**Storage:**

Store below 25°C in a cool and dry place.  
Protect from light and moisture.  
Keep out of reach of children.
