Ketoxyle CT Soap

Ketoxyle CT Soap

Composition:

Each **Ketoxyle CT Soap** contains:

- **Ketoconazole** – 2% w/w
- **Cetrimide** – 0.5% w/w

Description:

Ketoxyle CT Soap is a **medicated antifungal and antibacterial cleansing soap** designed to treat **fungal and bacterial skin infections**. The combination of **Ketoconazole** and **Cetrimide** provides broad-spectrum protection against **fungal infections, dandruff, and skin disorders** caused by microbes.

Pharmacological Action:

- **Ketoconazole (2% w/w):** A potent **antifungal agent** that disrupts the fungal cell membrane, effectively treating **dermatophytosis, candidiasis, and seborrheic dermatitis**.
- **Cetrimide (0.5% w/w):** A broad-spectrum **antiseptic and antibacterial** that prevents bacterial growth and secondary infections.

Indications:

Ketoxyle CT Soap is recommended for:

- **Fungal skin infections** (Tinea corporis, Tinea cruris, Tinea pedis, etc.)
- **Seborrheic dermatitis and dandruff**
- **Pityriasis versicolor (fungal discoloration of the skin)**
- **Skin infections due to excessive sweating or poor hygiene**
- **Acne and bacterial skin infections**

Dosage & Administration:

- Use **once or twice daily** or as directed by a physician.
- Apply to **wet skin**, lather well, and leave for **1-2 minutes** before rinsing.
- Avoid **contact with eyes, nose, and mouth**.
- For **external use only**.

Contraindications:

- Hypersensitivity to **Ketoconazole, Cetrimide, or any other ingredients**.
- Not recommended for **open wounds or severely irritated skin**.

Warnings & Precautions:

- **Do not use on broken or inflamed skin.**
- **Avoid long-term excessive use**, as it may cause skin dryness.
- If irritation, **redness, or itching** occurs, discontinue use and consult a doctor.
- Safe for **all skin types**, but **pregnant and breastfeeding women** should consult a doctor before use.

Adverse Effects:

- **Mild dryness or irritation** (rare).
- **Allergic reactions** (very rare, such as redness or itching).

Storage Conditions:

- Store in a **cool, dry place below 30°C**.
- Keep **away from direct sunlight** and moisture.
- **Keep out of reach of children.**

Conclusion:

Ketoxyle CT Soap is a **dual-action antifungal and antibacterial soap**, providing **effective relief from fungal infections, dandruff, and skin irritation**. Regular use helps maintain **healthy, infection-free skin**, making it ideal for **daily hygiene and dermatological care**.
