

Information For the Use
Levetiracetam (100mg/ml)

Lapcetam Solution 100ml

Product Information:

Coral Calcium (equivalent to Calcium 500mg) + Vitamin D3 (500 IU) Tablet

Composition:

Each tablet contains:

- **Coral Calcium:** Equivalent to Calcium 500 mg
- **Vitamin D3:** 500 IU

Description:

This supplement provides a balanced combination of Coral Calcium and Vitamin D3, essential for maintaining healthy bones and overall well-being.

1. Coral Calcium:

- A natural source of calcium derived from marine coral.
- Contains trace minerals that support bone strength and density.
- Enhances bone mineralization and helps prevent calcium deficiency.

2. Vitamin D3 (Cholecalciferol):

- Facilitates efficient calcium absorption in the gut.
- Promotes bone health and immune system function.
- Helps prevent conditions like rickets and osteoporosis.

Indications:

- Prevention and management of calcium and Vitamin D deficiency.
- Support for bone and dental health.
- Adjunctive therapy in osteoporosis and osteopenia.
- Helps reduce the risk of fractures in postmenopausal women.

Dosage:

- One tablet daily after a meal or as directed by a healthcare professional.

Contraindications:

- Known hypersensitivity to any of the ingredients.
- Hypercalcemia or conditions associated with excessive calcium levels.

Precautions:

- Use with caution in patients with kidney disorders or those taking medications that affect calcium levels.
- Consult a healthcare professional before use during pregnancy or lactation.

Storage:

- Store in a cool, dry place below 25°C. Protect from moisture and light. Keep out of reach of children.

Note: This product is a dietary supplement and not intended to diagnose, treat, cure, or prevent any disease.
