Leucodry

—SYRUP—

Leucorrhoea Syrup Gandapushpa (Saraca indica) 55mg + Babbula (Acacia arabica) 25mg + Dashamoola (Aegle marmelos) 30mg + Musta (Cyperus rotundus) 35mg + Lodhra (Symplecos racemosa) 30mg + Anantamul (Hemidesmus indicus) 24mg + Guduchi (Tinospora cordifolia) 29mg + Triphala (Classical preparation) 26mg + Kakamachi (Solanum nigrum) 31mg + Vasaka (Adhatoda vasica) 34mg + Punarnava (Boerhaavia diffusa) 28mg + Manjishtha (Rubia cordifolia) 26mg + Shatavari (Asparagus racemosus) 32mg + Shalimali (Bombax malabaricum) 20mg + Kumari (Aloe vera) 20mg + Shilajeet (Purified) 20mg + Chandana (Santalum album) 30mg + Trikatu 5mg

- Herbs like Shatavari, Lodhra, Ashoka (Gandapushpa), and Kumari help regulate the menstrual cycle, relieve menstrual discomfort, and support uterine health.
- With Manjishtha, Anantamul, Triphala, and Chandana, the formulation helps purify the blood, clear skin impurities, and improve complexion.
- Punarnava, Kakamachi, and Guduchi assist in detoxification and support liver and kidney health by promoting diuresis and reducing inflammation.
- Shilajeet, Guduchi, and Trikatu are known for their rejuvenating (Rasayana) properties, helping boost stamina, immune strength, and metabolic activity.
- Vasaka, Trikatu, and Kakamachi help relieve congestion, cough, and other respiratory symptoms due to their expectorant and anti-inflammatory properties.

**Menstrual Disorders
and Hormonal Imbalance**

**Chronic Skin Conditions (e.g.,
Acne, Eczema, Pigmentation)**
