

**Freedom From
Allergic Conditions....**

TinyBud™

Levonoble™

Levonoble™
Syrup

**Levocetirizine Hydrochloride
I.P. 2.5mg Syrup**

- A selective, long acting peripheral H1 receptor.
- Highly effective & well tolerated anti histamine.
- Superior efficacy & safety profile than cetirizine.
- Levocetirizine is more potent and consistent than other popular H1 antihistamines for blocking the cutaneous response to histamine.

Seasonal Allergic Rhinitis

Perennial Allergic Rhinitis

Chronic Idiopathic Urticaria

Asthma Prophylaxis
