

Ambroxol (75mg) + Levocetirizine (5mg) + Montelukast (10mg)

Levonoble AM Tablet

Ambroxol (75mg) + Levocetirizine (5mg) + Montelukast (10mg) Tablet

This combination medication is formulated to provide relief from respiratory conditions and allergic symptoms. Each component works synergistically to improve respiratory health and manage allergy-related discomfort.

Composition:

- **Ambroxol (75mg):** A mucolytic agent that helps to thin and loosen mucus, making it easier to expel from the airways.
- **Levocetirizine (5mg):** An antihistamine that relieves allergic symptoms such as runny nose, sneezing, and itchy or watery eyes.
- **Montelukast (10mg):** A leukotriene receptor antagonist that reduces inflammation and prevents asthma symptoms by blocking the action of leukotrienes.

Uses:

1. **Respiratory Disorders:**
 - Chronic bronchitis
 - Asthma
 - Chronic obstructive pulmonary disease (COPD)
2. **Allergic Conditions:**
 - Seasonal allergic rhinitis
 - Perennial allergic rhinitis
3. **Cough Associated with Mucus:**
 - Productive or wet cough

Mechanism of Action:

- Ambroxol enhances mucus clearance by breaking down mucus structure, facilitating easier breathing.
- Levocetirizine blocks histamine receptors, alleviating allergic reactions.
- Montelukast inhibits leukotrienes, preventing airway narrowing and reducing inflammation.

Dosage & Administration:

- **Recommended Dose:** One tablet daily or as prescribed by the physician.
- **Route of Administration:** Oral, with or without food.
- **Duration:** Follow the doctor's recommendation based on the condition and response.

Contraindications:

- Hypersensitivity to any of the ingredients.
- Severe renal or liver impairment (consult a doctor).

Side Effects:

- Drowsiness or dizziness (Levocetirizine)
- Nausea or stomach upset (Montelukast)
- Dry mouth or throat irritation (Ambroxol)
- Rarely, headache or fatigue.

Precautions:

- **Avoid alcohol as it may enhance drowsiness.**
 - **Use with caution in individuals with a history of psychiatric disorders (Montelukast).**
 - **Not recommended during pregnancy or lactation unless advised by a healthcare provider.**
-

Storage:

- **Keep in a cool, dry place away from direct sunlight.**
- **Store at a temperature below 30°C.**
- **Keep out of reach of children.**

Note: Always take this medication under medical supervision. Consult your doctor if symptoms persist or worsen.
