Linzoglad™ Linezolid (600mg) **Tablets**

Linzoglad™ Linezolid (100mg/5ml) **Dry Syrup**

Take Control on Tough Gram +ve Infection

- ✱ Linezolid has a significantly higher rate of clinical success as compared with vancomycin in the treatment of methicillin resistant Staphylococcus aureus pneumonia.
- ✱ Linezolid has better outcome than daptomycin in mortality rates among patients treatment for VRE (vancomycin-resistant Enterococcus bacteraemia) bacteraemia.
- ✱ Linezolid shows an immunomodulatory effect, such as inhibition of inflammatory cytokine production.
