Description:

Livtyle Syrup is a herbal formulation enriched with hepatoprotective, antioxidant, and digestive herbs known in traditional Ayurvedic medicine. The formulation aids in liver detoxification, supports hepatic function, and helps in managing conditions like fatty liver, hepatomegaly, and sluggish digestion. It also supports overall metabolic balance and strengthens liver tissues against hepatotoxic substances.

Indications:

- Fatty liver
- Alcoholic liver disease
- Jaundice and hepatomegaly
- Loss of appetite
- Indigestion and bloating
- Liver detoxification

Dosage:

- Adults: 1-2 teaspoons (5ml–10ml) twice daily after meals or as directed by the physician
- Children: As directed by the physician

Contraindications:

- Hypersensitivity to any of the herbal components

Warnings and Precautions:

- Shake well before use
- Store in a cool, dry place away from sunlight
- Keep out of reach of children
- Not a substitute for medical treatment in severe hepatic disease

Adverse Effects:

- No known side effects when used in the recommended dosage
- Mild gastric discomfort may occur in rare cases

Presentation:

- Bottle of 200ml / 300ml / 450ml syrup

Conclusion:

Livtyle Syrup provides a synergistic blend of time-tested herbs that support liver health, improve appetite, and aid in digestion. Suitable for long-term use as a general liver health supplement.
