

Information For the User

Olopatadine (0.1% w/v)

Oloplit Eye Drops

Brand Name: Oloplit Eye/Ear Drops

Dosage Form: Sterile Ophthalmic/Otic Solution

Therapeutic Category: Antihistamine Eye & Ear Drop

Composition:

Each ml contains:

- **Olopatadine Hydrochloride I.P.** – 0.1% w/v
- Benzalkonium Chloride Solution I.P. (as preservative) – 0.01% w/v
- Sterile Aqueous Vehicle – q.s.

Description:

Oloplit is a selective H₁-antihistamine formulated for relief of allergic symptoms in the eyes and ears. It provides targeted anti-allergic action by inhibiting histamine release and stabilizing mast cells.

Indications:

- Allergic conjunctivitis
- Ocular itching and redness
- Seasonal eye allergies
- Allergic otitis externa (ear itching and discomfort due to allergy)

Pharmacological Action:

Olopatadine is a dual-acting antihistamine and mast cell stabilizer that prevents histamine-mediated allergic reactions, providing both immediate and long-term relief from itching and irritation.

Dosage and Administration:

- **Eyes:** Instill 1 drop in the affected eye(s) twice daily
- **Ears:** Instill 1–2 drops in the affected ear(s) twice daily or as directed by the physician

Contraindications:

- Hypersensitivity to Olopatadine or any component of the formulation

Precautions and Warnings:

- For external use only
- Avoid contamination by not touching the dropper tip
- Remove contact lenses before use in eyes
- Not to be used in cases of active infection unless advised by a doctor

Adverse Effects:

- Temporary burning or stinging sensation
- Headache
- Dry eye or blurred vision (in eye use)

Storage:

Store below 25°C. Protect from light. Do not freeze.
Use within 4 weeks after opening.

Shelf Life:

24 months from the date of manufacture
