

Sertaloz cream

Sertaloz Cream

(Sertaconazole 2% w/w)

Introduction

Sertaloz Cream contains **Sertaconazole 2% w/w**, a **broad-spectrum antifungal** medication used for the **treatment of fungal skin infections**. It is highly effective against **dermatophytes, yeast, and other fungi** that cause skin infections like **athlete's foot, ringworm, jock itch, and seborrheic dermatitis**. Sertaloz works by inhibiting the **growth of fungal cells**, providing **rapid relief from itching, redness, and irritation**.

Composition & Mechanism of Action

1. **Sertaconazole (2% w/w)**
 - A **topical antifungal agent** belonging to the **imidazole class**.
 - Disrupts the fungal **cell membrane**, preventing growth and reproduction.
 - Also exhibits **anti-inflammatory properties**, helping reduce itching and redness.

Indications & Uses

Sertaloz Cream is used to treat:

- **Tinea infections** (ringworm of the body, jock itch, athlete's foot).
- **Pityriasis versicolor** (fungal skin infection causing discolored patches).
- **Seborrheic dermatitis** (scalp and skin inflammation with flaking).
- **Candidiasis** (yeast infection affecting skin folds).

Dosage & Application

- **Apply a thin layer** to the affected area **twice daily** or as directed by a doctor.
- **Gently massage** the cream into the skin until absorbed.
- **Wash hands before and after** application (unless treating hands).
- **Continue using for the full treatment duration** to prevent recurrence, even if symptoms improve.

Precautions & Warnings

- **For external use only**—do not ingest or apply near eyes, nose, or mouth.
- **Avoid broken or irritated skin** unless advised by a doctor.
- **Not recommended for children** under 12 years without medical supervision.
- **Consult a doctor** if symptoms persist or worsen after **2 weeks of use**.

Possible Side Effects

- **Mild irritation, redness, or burning** at the application site.
- **Dryness or peeling of the skin.**
- **Allergic reactions (rare)** – stop use if severe itching, swelling, or rash occurs.

Storage & Handling

- Store at **room temperature (below 30°C)**, away from moisture and direct sunlight.
- Keep out of reach of **children** and **pets**.
- Do not use beyond the **expiration date** mentioned on the packaging.

Conclusion

Sertaloz Cream (Sertaconazole 2% w/w) is a **highly effective antifungal treatment** designed for **quick relief and prevention of fungal infections**. With its **broad-spectrum action**, it **eliminates fungi, reduces inflammation, and soothes itching**, making it a **trusted choice for skin infections**.
