

SetGas Softgel

Simethicone 140mg Softgel Capsules

Relieve Discomfort from Gas and Bloating

Our **Simethicone 140mg Softgel Capsules** are specifically formulated to provide effective relief from the discomfort caused by excess gas, bloating, and pressure in the stomach. Whether it's from overeating, indigestion, or other digestive issues, Simethicone helps break down gas bubbles in the stomach and intestines, making it easier to pass and reducing discomfort.

Key Benefits:

- **Effective Gas Relief:** Simethicone works by breaking up gas bubbles in the stomach, helping to relieve bloating and pressure. This fast-acting formula provides quick relief from uncomfortable symptoms of excess gas.
- **Gentle on the Stomach:** These softgel capsules are easy to swallow and gentle on the digestive system. They don't cause any harsh side effects, making them a reliable choice for occasional gas discomfort.
- **Convenient Softgel Form:** Unlike traditional tablets, the softgel form makes it easier to swallow and ensures faster dissolution, meaning quicker relief when you need it most.

Why Choose Our Simethicone Softgel Capsules?

- **140mg Strength:** Each softgel contains **140mg of Simethicone**, an effective dose to provide fast and reliable relief from gas and bloating.
- **Non-Prescription Remedy:** Simethicone is a widely used, over-the-counter remedy for digestive discomfort, meaning you can rely on it whenever you need it without the need for a prescription.
- **No Known Side Effects:** Simethicone is generally considered safe for most people and does not cause drowsiness, so you can continue with your day without any interruptions.

- **Portable and Convenient:** These softgel capsules are easy to take with you on the go, providing fast, on-demand relief wherever and whenever you need it.

Directions for Use:

- Take as directed by your healthcare provider or follow the instructions on the label.
- Typically, **1-2 capsules** can be taken after meals or as needed for relief from gas and bloating.

Who Should Use Simethicone Softgel Capsules?

- **Anyone experiencing bloating or gas:** Whether it's from a heavy meal, digestive issues, or general discomfort, Simethicone is designed to help people of all ages find relief.
- **Those with sensitive stomachs:** The softgel capsules are easy on the digestive system and are a great option for individuals who have sensitive stomachs or are prone to gas and bloating.

Why Choose Our Simethicone Capsules?

- **High-Quality Formula:** We ensure each softgel capsule is made with the highest quality ingredients, so you can trust that you're getting a safe and effective product.
- **Reliable and Trusted:** Simethicone has been a trusted solution for digestive relief for many years. Our softgel capsules are formulated to meet the same high standards you expect from reliable over-the-counter remedies.

Whether you're experiencing occasional bloating, discomfort from gas, or pressure in the stomach, our **Simethicone 140mg Softgel Capsules** provide fast, effective relief to help you feel better quickly. Keep them on hand for peace of mind and enjoy a more comfortable, less bloated day!
