

Sucraziff O

Sucraziff O Suspension

(Sucralfate 500mg/5ml + Oxetacaine 10mg/5ml)

Introduction

Sucraziff O Suspension is a **gastroprotective formulation** designed to provide relief from **gastric ulcers, acid reflux, and gastritis**. It combines **Sucralfate**, which forms a protective barrier over ulcers, and **Oxetacaine**, a local anesthetic that soothes pain and discomfort associated with acid-related conditions.

Composition & Mechanism of Action

- **Sucralfate (500mg/5ml)**
 - Forms a **protective coating** over ulcerated areas in the stomach and duodenum.
 - Promotes **healing of ulcers** and reduces irritation caused by gastric acid.
 - Prevents further **damage to the stomach lining**.
- **Oxetacaine (10mg/5ml)**
 - A **potent local anesthetic** that provides **immediate pain relief**.
 - Reduces **burning sensation and discomfort** caused by acid reflux.
 - Enhances patient **comfort and compliance**.

Indications & Uses

Sucraziff O Suspension is beneficial for:

- **Gastric and duodenal ulcers.**
- **Gastroesophageal reflux disease (GERD) and acid reflux.**
- **Gastritis and inflammation of the stomach lining.**
- **Heartburn, epigastric pain, and acidity-related discomfort.**

Dosage & Administration

- **Usual Dose:** 5-10ml before meals or as prescribed by a physician.
- **Shake well before use.**
- **Do not consume food or drinks immediately** after taking it for maximum effect.

Precautions & Warnings

- Not recommended for **patients with severe kidney disease**.
- Avoid taking it with **antacids**, as they may reduce its effectiveness.
- May cause **constipation or dry mouth** in some individuals.
- **Pregnant or breastfeeding women** should consult a doctor before use.

Possible Side Effects

- Mild **constipation**
- **Dry mouth or nausea**
- **Temporary taste changes**
- **Rare allergic reactions** (rash, itching)

Storage & Handling

- Store in a **cool, dry place** away from direct sunlight.
- Keep out of **reach of children**.
- Use within the **expiry date** mentioned on the bottle.

Conclusion

Sucraziff O Suspension offers **effective relief from gastric ulcers, acid reflux, and gastritis**, ensuring **pain relief and stomach protection**. With its dual-action formula, it is an essential **gastrointestinal care solution** for individuals suffering from acidity-related disorders.
