

Information For the User  
Amisulpride 50mg Tablet

# Amezulid 50 Tablet

**Brand Name:** Amezulid 50 Tablet

**Dosage Form:** Tablet

**Composition:**

Each film-coated tablet contains:

- Amisulpride 50 mg
- 

**Description:**

Amezulid 50 Tablet contains Amisulpride, an atypical antipsychotic medicine used in the treatment of psychiatric and mood-related disorders. It helps balance dopamine levels in the brain, improving symptoms such as disturbed thoughts, emotional instability, and behavioral imbalance.

---

**Indications:**

Indicated for:

- Schizophrenia
- Psychotic disorders
- Negative symptoms such as social withdrawal, lack of motivation, or emotional bluntness

It helps improve mood stability, reduce agitation, and enhance overall mental function.

---

**Dosage & Administration:**

Take as prescribed by the physician.

Swallow whole with water, with or without food.

Do not stop treatment abruptly without medical advice.

---

**Pharmacological Action:**

Amisulpride works by selectively blocking dopamine D2 and D3 receptors, helping normalize neurotransmission and reduce psychotic and mood-related symptoms.

---

**Side Effects:**

Mild dizziness or drowsiness may occur in some individuals.

---

**Precautions & Warnings:**

- Use cautiously in patients with cardiovascular disease or renal impairment.
  - Avoid alcohol during therapy.
  - May cause sleepiness; avoid driving or operating machinery.
  - Not recommended during pregnancy or breastfeeding unless advised by a physician.
- 

**Drug Interactions:**

May interact with CNS depressants, antihypertensives, and medicines affecting heart rhythm.

---

**Storage:**

Store in a cool, dry place below 25°C.

Protect from moisture and light.

Keep out of reach of children.

Manufactured in India for:

**Cafoli Lifecare Pvt. Ltd.**
