250mg + Curcumin 250mg + Boswellia Serrata 200mg

Tendoslash Forte Sachet

Brand Name: Tendoslash Forte Sachet

Dosage Form: Sachet

Therapeutic Category: Orthopedic / Joint Support / Nutraceutical

Composition:

Each 15g sachet contains:

- **Hyaluronic Acid** – 80 mg
- **Collagen Peptides** – 10 gm
- **Glucosamine Sulphate** – 1500 mg
- **Rosehip Extract** – 250 mg
- **Curcumin (from Turmeric Extract)** – 250 mg
- **Boswellia Serrata Extract** – 200 mg
- **Excipients** – q.s.

Description:

Tendoslash Forte Sachet is a synergistic formulation designed to support joint health, mobility, and cartilage regeneration. The combination of bioactive collagen peptides, anti-inflammatory plant extracts, and joint-nourishing compounds helps in the management of osteoarthritis, joint pain, and musculoskeletal inflammation.

Indications:

- Osteoarthritis and degenerative joint disease
- Sports injuries involving tendons and cartilage
- Chronic joint pain and stiffness
- Inflammatory joint disorders
- Post-orthopedic surgery recovery

Mechanism of Action:

- **Collagen Peptides** help rebuild cartilage structure and increase joint elasticity.
- **Glucosamine** aids in cartilage formation and inhibits degradation.
- **Hyaluronic Acid** improves synovial fluid viscosity for smooth joint movement.
- **Rosehip, Boswellia Serrata, and Curcumin** provide anti-inflammatory and antioxidant support, reducing pain and swelling.

Dosage and Administration:

- One sachet daily or as directed by the physician.
- To be dissolved in a glass of water (100–150 ml) and consumed immediately after preparation.

Contraindications:

- Known hypersensitivity to any ingredient
- Pregnancy and lactation unless advised by a physician
- Not recommended in individuals with severe hepatic or renal impairment without medical supervision

Precautions:

- Monitor in diabetic patients due to Glucosamine content
- Use with caution in patients on anticoagulants or anti-inflammatory medications

Adverse Effects:

- Mild gastrointestinal discomfort (nausea, bloating)
- Rare: Allergic reactions, especially in individuals sensitive to shellfish (Glucosamine source)

Storage:

Store in a cool, dry place at a temperature not exceeding 25°C. Protect from moisture and direct sunlight.
