

Information For the User  
Cranberry Extract(200.0 Mg/15ml)+Potassium Magnesium Citrate(978.0 Mg/15ml)+D  
Mannose(300.0 Mg/15ml)

# Uriviga KM Syrup

## Composition:

Each 15 ml contains:

**Cranberry Extract** – 200 mg

**Potassium Magnesium Citrate** – 978 mg

**D-Mannose** – 300 mg

## Description:

Uriviga KM Syrup is a specialized urological formulation designed to support urinary tract health. It combines the anti-adhesion and anti-inflammatory benefits of cranberry extract and D-mannose with the alkalizing properties of potassium magnesium citrate. This synergistic combination helps prevent recurrent urinary tract infections (UTIs), promotes bladder health, and relieves symptoms such as dysuria, burning micturition, and urinary frequency.

## Indications:

Urinary tract infections (UTIs) – acute or recurrent  
Burning sensation while urinating  
Supportive therapy for bladder infections  
Urine alkalization in patients with uric acid crystalluria  
Adjunct to antibiotic therapy in UTI management

## Mechanism of Action:

**Cranberry Extract:** Contains proanthocyanidins that inhibit the adhesion of *E. coli* and other uropathogens to the urothelium, reducing infection recurrence.

**D-Mannose:** A natural sugar that binds to bacterial lectins, preventing bacterial attachment to bladder walls and aiding in their elimination through urination.

**Potassium Magnesium Citrate:** Acts as a urinary alkalizer, increases urine pH, and reduces irritation caused by acidic urine. Also helps prevent stone formation.

## Dosage and Administration:

**Adults:** 15 ml twice daily after meals or as directed by the physician.

**Children (above 5 years):** 5–10 ml twice daily or as prescribed.

Shake well before use.

## Side Effects:

Uriviga KM Syrup is well tolerated. Possible mild effects may include:

Nausea or stomach upset (rare)

Diarrhea (occasional)

Allergic reaction in hypersensitive individuals (rare)

## Precautions:

Use cautiously in renal impairment, hyperkalemia, or known electrolyte disturbances.

Pregnant and lactating women should consult a healthcare provider before use.

Not intended to replace antibiotic treatment in bacterial infections.

**Storage:**

Store below 25°C in a dry, dark place.

Protect from sunlight and moisture.

Keep out of reach of children.

Manufactured in India for:

**Cafoli Lifecare Pvt. Ltd.**
