

Information For the User
Betahistine (16mg) + Vitamin D3 (400IU) + Ginkgo Biloba (60mg) + Piracetam (400mg) + Vinpocetine
(5mg) Tablet

Xurocitam BVG Tablet

Xurocitam BVG Tablet

Dosage Form: Tablet

Composition:

Each film coated tablet contains:

Betahistine Dihydrochloride I.P. 16 mg

Vitamin D3 I.P. 400 IU

Ginkgo Biloba Extract 60 mg

Piracetam I.P. 400 mg

Vinpocetine 5 mg

Description:

Xurocitam BVG Tablet is a comprehensive neurovascular and vestibular support formulation containing Betahistine, Piracetam, Vinpocetine, Ginkgo Biloba, and Vitamin D3. The combination is designed to improve cerebral blood circulation, enhance cognitive performance, and support inner ear balance mechanisms. It helps in managing vertigo, dizziness, memory impairment, and age-related neurological decline by improving oxygen and nutrient supply to brain tissues.

Indications:

Management of vertigo and Ménière's disease

Dizziness and balance disorders

Cognitive impairment and memory disturbances

Age-related cerebrovascular insufficiency

Supportive therapy in neurological weakness

Dosage & Administration:

Dosage should be taken as directed by the physician.

Tablet should be swallowed whole with water after meals.

Pharmacological Action:

Betahistine improves microcirculation in the inner ear and reduces vestibular pressure, helping control vertigo symptoms.

Piracetam enhances neuronal metabolism and cognitive function by improving neurotransmission.

Vinpocetine increases cerebral blood flow and oxygen utilization in brain cells.

Ginkgo Biloba acts as a neuroprotective antioxidant and improves peripheral and cerebral circulation.

Vitamin D3 supports neuromuscular function and overall neurological health.

Side Effects:

Nausea

Gastric discomfort
Headache
Mild insomnia
Rare hypersensitivity reactions

Precautions & Warnings:

Use under medical supervision only.
Use cautiously in patients with bleeding disorders or those taking anticoagulants.
Not recommended during pregnancy and lactation unless prescribed.
Patients with gastric ulcer history should use cautiously.

Drug Interactions:

May interact with anticoagulants, antiplatelet medicines, and other CNS acting drugs.
Consult physician before concomitant use with other medications.

Storage:

Store below 25°C in a dry place.
Protect from light and moisture.
Keep out of reach of children.
