

Zymvigo Drop

Fungal Diastase (20 mg) + Cinnamon Oil (200 mcg) + Caraway Oil (400 mcg) + Cardamom Oil (400 mcg) Drops

Description

This formulation is a digestive aid that combines Fungal Diastase, a digestive enzyme, with essential oils such as Cinnamon Oil, Caraway Oil, and Cardamom Oil, known for their carminative and digestive properties. It is designed to relieve indigestion, bloating, and flatulence and to promote overall gastrointestinal health.

Composition

- Fungal Diastase: 20 mg
- Cinnamon Oil: 200 mcg
- Caraway Oil: 400 mcg
- Cardamom Oil: 400 mcg

Indications

This combination is indicated for:

1. **Dyspepsia (Indigestion):**
 - Improves digestion and alleviates symptoms such as bloating, discomfort, and nausea.
2. **Flatulence:**
 - Relieves excessive gas and associated abdominal pain.
3. **Appetite Stimulation:**
 - Enhances appetite in patients with poor dietary intake or reduced appetite.
4. **Post-Meal Discomfort:**
 - Reduces feelings of fullness or heaviness after eating.

Mechanism of Action

1. Fungal Diastase (Digestive Enzyme):

- Breaks down complex carbohydrates into simpler sugars, aiding in digestion and reducing bloating.

2. Cinnamon Oil:

- Has anti-inflammatory and antimicrobial properties.
- Stimulates digestive secretions and improves gastrointestinal motility.

3. Caraway Oil:

- Carminative, reducing gas formation and soothing intestinal spasms.
- Supports smooth digestion and prevents discomfort from excessive gas.

4. Cardamom Oil:

- Enhances digestion by stimulating gastric juices.
- Acts as an antispasmodic and carminative, relieving nausea and abdominal cramps.

Dosage and Administration

- **Recommended Dose:**
 - Infants and Children: 2–5 drops, 2–3 times daily, mixed with water or as directed by a physician.
 - Adults: 5–10 drops, 2–3 times daily, directly or mixed with water after meals.
- **Administration Instructions:**
 - Shake the bottle well before use.
 - Measure the drops accurately using the provided dropper.
 - Administer after meals for optimal results.

Contraindications

- Hypersensitivity to any of the active ingredients or excipients.

- **Patients with severe liver or pancreatic disorders unless prescribed.**
-

- **Supplied in an amber-colored bottle with a dropper for precise dosing.**
 - **Available in 15 ml or 30 ml bottles.**
-

Warnings and Precautions

1. **Pediatric Use:** Use with caution in infants and small children; consult a pediatrician.
 2. **Allergic Reactions:** Discontinue use if signs of an allergic reaction occur (e.g., rash, itching).
 3. **Pregnancy and Lactation:** Use only if prescribed by a healthcare professional.
 4. **Gastrointestinal Disorders:** Avoid in patients with severe ulcers or gastrointestinal bleeding without medical advice.
-

Adverse Effects

- **Common:** Mild gastrointestinal discomfort, nausea, or diarrhea.
 - **Rare:** Allergic reactions such as skin rash or itching.
-

Storage Conditions

- **Store at a temperature below 25°C (77°F).**
 - **Keep away from direct sunlight and moisture.**
 - **Keep out of reach of children.**
-

Key Benefits

- **Comprehensive Digestive Aid:** Supports digestion of carbohydrates and relieves gas and bloating.
 - **Natural Ingredients:** Essential oils provide additional carminative and antispasmodic benefits.
 - **Safe for All Ages:** Suitable for infants, children, and adults under appropriate guidance.
-

Presentation

Note: Use Fungal Diastase + Essential Oils Drops under the guidance of a healthcare provider. Ensure adherence to the prescribed dosage and consult your doctor for prolonged symptoms or adverse effects.
