

An Ace option for better Nerve health

# Nuroslide™ C Injection

Folic Acid (0.7mg) + Methylcobalamin (2500mcg) + Niacinamide (12mg) & Vitamin C (150mg)

## Methylcobalamin :

- Increases erythrocyte production by promoting nucleic acid synthesis in the bone marrow and by promoting maturation and division of erythrocytes.
- Corrects impaired neural signaling and oxidative stress induced damage to nerves.
- Has a strong affinity for nerve tissues and is important for normal functioning of the nervous system

## Niacinamide:

- Is very important for DNA repair and phosphorylation process and most needed in organs with high energy requirement like the brain and nerves

## Folic Acid:

- Vital for normal growth, cell reproduction a myelin synthesis
- Promotes the normal functioning of nerves

## Vitamin C:

- Supports a wide range of activities in nervous system
- Promotes proper breakdown of sugars and starches

## Indications

- ✓ Nerve Damage
- ✓ Diabetic Neuropathy
- ✓ Alcoholic Neuropathy
- ✓ Neuritis And Neuralgia
- ✓ Muscular Dystrophy (MD)

REJUVENATES THE FRAGILE NERVES
