- Permitted preservatives and excipients q.s.

Description:

Rachitayu Neem Karela Jamun Juice is a polyherbal formulation combining traditional medicinal plants known for their metabolic, detoxifying, and immune-supportive properties. It is indicated as a health supplement for maintaining blood glucose balance, improving digestion, and supporting skin health. It helps in cleansing the system, regulating metabolism, and enhancing natural immunity.

Indications:

Indicated for:

- Blood sugar management support
- Digestive health improvement
- Skin conditions such as acne and wound healing
- Immune system support

It helps in improving glycemic control, detoxifying the body, promoting skin health, and strengthening immunity.

Dosage & Administration:

Adults: 20–30 ml twice daily or as directed by the physician.

Can be taken with water, preferably before meals.

Shake well before use.

Pharmacological Action:

- Neem possesses antimicrobial and anti-inflammatory properties, supporting skin health and detoxification.
- Karela helps in glucose metabolism and supports blood sugar regulation.
- Jamun aids in glycemic control and improves pancreatic function.
- Amla provides antioxidant support and enhances immunity.
- Sadabahar contributes to glucose-lowering activity.
- Giloy acts as an immunomodulator and supports detoxification.

These combined actions help in maintaining metabolic balance and overall wellness.

Side Effects:

Generally well tolerated when used as recommended.

Mild gastrointestinal discomfort may occur in some individuals.

Rarely, hypersensitivity reactions may be observed.

Precautions & Warnings:

- Use with caution in patients on antidiabetic medications due to potential additive effects
- Monitor blood glucose levels regularly
- Not recommended for pregnant or lactating women without medical advice
- Do not exceed the recommended dosage
- Discontinue use if any adverse reaction occurs

Drug Interactions:

May potentiate the effects of antidiabetic drugs.

Caution is advised when used with other herbal or allopathic medications affecting blood glucose.

Storage:

Store in a cool, dry place below 25°C.

Protect from direct sunlight.

Keep the container tightly closed after use.

Keep out of reach of children.
